

HMFS Insta Trade Installation Guidelines

Please follow the below mentioned procedure to install the new Online Trading Application in your Desktop.

Step 1

Download and install **JAVA Runtime Environment** according to your operating system, the recommended version is Java 8 Update 40.

If JAVA Runtime Environment is already installed please ignore this step.

<https://hmfs.com.pk/page-online-trading>

Step 2

Download the **HMFS Insta Trade Application** from the link given below and install.

<https://hmfs.com.pk/page-online-trading>

The HMFS Insta application should now be downloaded onto your system and an icon should now be appearing on your desktop.

Login procedure

After installation (as detailed above) please follow the below mentioned procedure to log into the HMFS InstaTrade Application once you have received the email from no-reply@hmfs.com.pk containing your login credentials (i.e. User ID and Password).

Step 1

Open the **HMFS Insta Application** from your desktop.

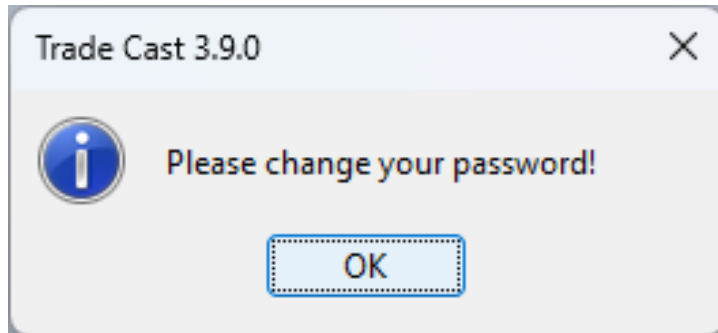

Step 2

Please enter your **User ID** and **specific digits of your password** as received via on email from no-reply@hmfs.com.pk in the respective fields as shown in the image below. Then please click "**Login**".

Step 3

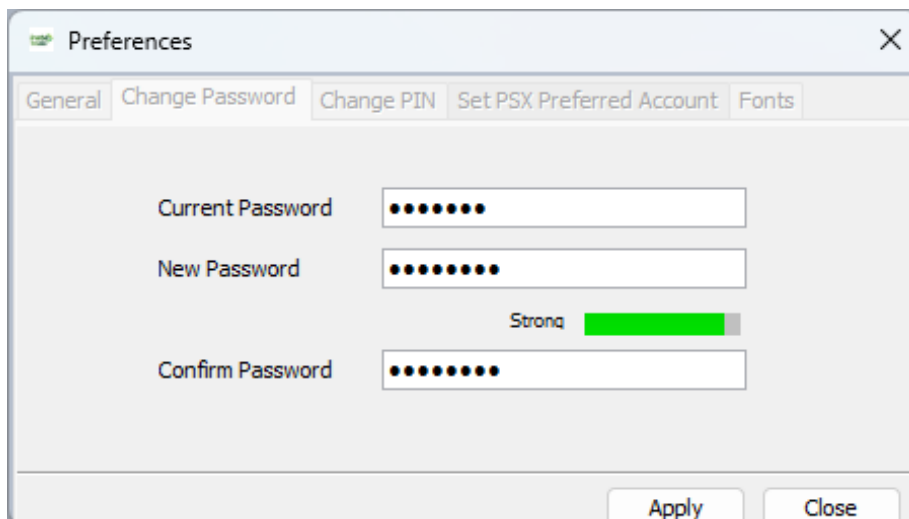

A new windows will appear as shown below. Click **Change Password** and then OK

Step 4

Please input the password provided to you via email from noreply.kits@psx.com.pk in "**Current Password**" field and the input a new password of your choosing in the "**New Password**" and "**Confirm Password**" fields and then click "**Apply**".

Please note that the new password must be eight to twelve characters long and must contain alpha numeric characters

Step 5

A new Home screen will open as shown below. Please select "**Create PIN now**" option and then click File then go to Create PIN option"**Next**".

Step 6

A new screen will open as shown below. Please read the information on the screen carefully and then click "**Get Pass Code**".

Create PIN

Get Pass Code - Create PIN (Personal Identification Number)

New user

Get Pass Code

Create PIN

Personal Identification Number - PIN is a 4-digit numeric secret code used as an extra security to place orders, view transactions, account statements etc. on this platform.

To generate your PIN:

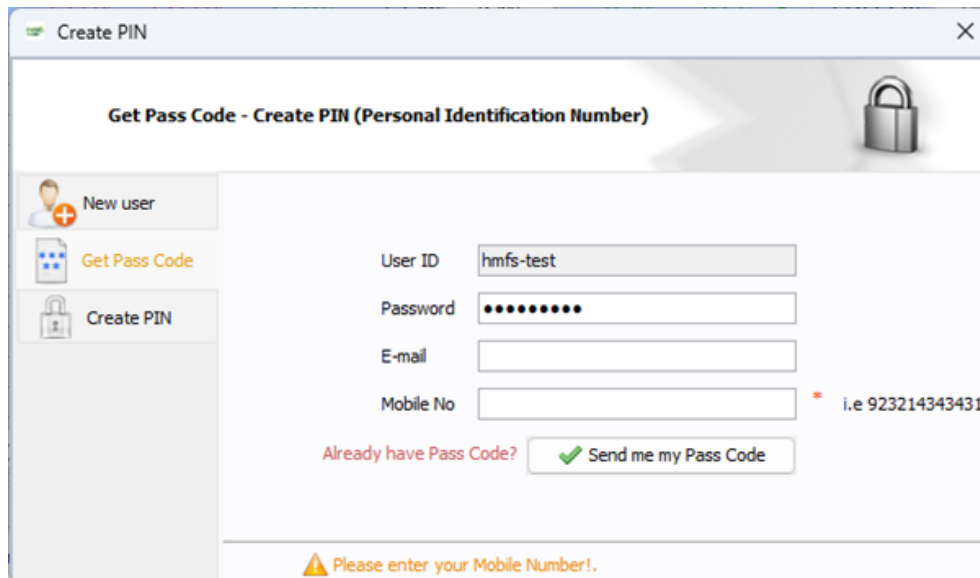

1. Go to 'Get Pass Code' tab on the left.
2. Input correct password, E-mail address and mobile number as registered with **Habib Metro Financial Services**
3. Press the button 'Send me my Pass Code'.
4. 12-digit numeric Pass Code will be sent via SMS on your mobile phone.
5. This Pass Code will be valid for 30 minutes.
6. Within this time go to 'Create PIN' tab on the left.
7. Use this Pass Code to create your desired 4-digit numeric PIN.

Security Recommendations: For your own safety and security, it is strongly advised that never share your login credentials with anybody and keep changing your password frequently

Get Pass Code

Step 7

A new window will appear, please enter your registered information (registered E-mail and mobile number) and click **"Send me my Pass code"**

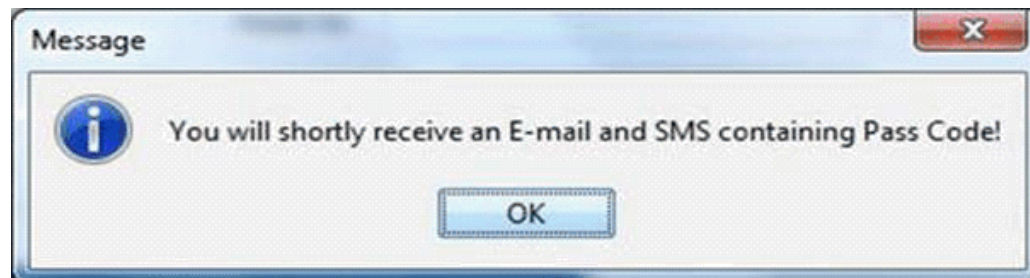

The screenshot shows a web application window titled "Create PIN". The main heading is "Get Pass Code - Create PIN (Personal Identification Number)". On the left, there is a sidebar with three options: "New user" (with a person icon), "Get Pass Code" (with a document icon), and "Create PIN" (with a lock icon). The "Get Pass Code" option is selected. The main content area contains the following fields and options:

- User ID:
- Password:
- E-mail:
- Mobile No: * i.e 9232143431

Below the fields, there is a link "Already have Pass Code?" and a button "Send me my Pass Code" with a green checkmark icon. At the bottom, there is a warning message: "Please enter your Mobile Number!" with a yellow triangle icon.

Step 8

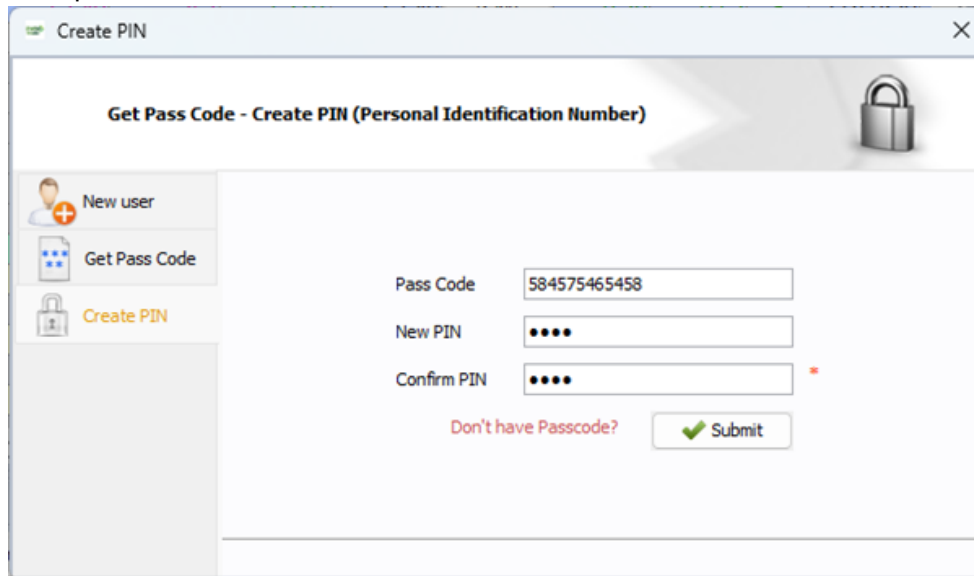

A pop-up will appear as below notifying that you will receive an e-mail and an SMS shortly.

Step 9

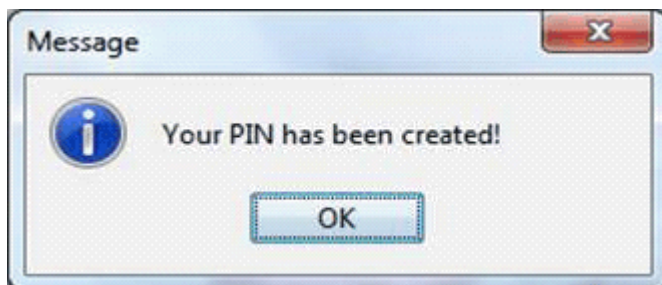

Now in the screen as shown below please enter your passcode as received via e-mail / SMS in the field "**Pass Code**" and any four digits of your choosing in the field "**New PIN**" and "**Confirm PIN**".

Now please click "**Submit**".

The screenshot shows a window titled "Create PIN" with a close button (X) in the top right corner. The main heading is "Get Pass Code - Create PIN (Personal Identification Number)" with a padlock icon to its right. On the left, there is a sidebar with three options: "New user" (with a person icon), "Get Pass Code" (with a document icon), and "Create PIN" (with a padlock icon). The "Get Pass Code" option is currently selected. The main area contains three input fields: "Pass Code" with the value "584575465458", "New PIN" with four dots, and "Confirm PIN" with four dots. Below these fields is a red link that says "Don't have Passcode?" and a green "Submit" button with a checkmark icon.

You will now receive a confirmation message (shown below) that your pin has been created.

You should now be logged into your online trading account successfully which you can now use as normal. A screen shot of the New (KiTS) online trading application is shown below for your convenience.
