**MORNING NEWS**

**FY26 trade deficit widens by 21.57pc to USD39.471bn YoY:** (Economy: Negative)  
Trade deficit of the country widened by 21.57 percent and reached USD 39.471 billion during financial year 2025-26 as compared to USD 32.467 billion in the previous year, driven by a decline in exports and a sharp increase in imports, according to data released by Pakistan Bureau of Statistic (PBS) on Thursday. According to PBS, exports of the country remained USD 30.126 billion in fiscal year 2025-26 compared to USD 32.040 billion in the corresponding period of preceding year registering a decline of 5.97 percent. Whereas the imports in the same period stood at USD 69.597 billion, showing an increase of 7.89 percent when compared to USD 64.507 billion in the preceding year. In June, exports declined by 9.61 percent to USD 2.239 billion compared to USD 2.477 billion in the corresponding month of last year. Whereas imports in June increased by 26.27 percent to USD 6.767 billion compared to USD 5.359 billion in the same period of the previous year.

**Power circular debt drops to Rs1.614tr from Rs2.393tr:** AGP: (Economy: Neutral)  
Pakistan's power sector circular debt stock dropped to Rs1.614 trillion by the end of June 2024-25, down from Rs2.393 trillion recorded a year earlier, representing a net reduction of Rs779.58 billion, AGP's latest disclosures reveals. However, despite the drop in the total debt stock, state-owned distribution companies (Discos) continued to severely underperform. During the 2024-25 financial year, Discos recorded actual transmission and distribution (T&D) losses of 17.55 percent, significantly exceeding the 11.77 percent targets set by the National Electric Power Regulatory Authority (Nepra).

**FX reserves rise to \$22bn on multilateral inflows:** (Economy: Neutral to Positive)  
Pakistan's total liquid foreign exchange reserves stood at \$22.04 billion as of June 24, 2026, according to data released by the State Bank of Pakistan (SBP). The data shows reserves held by the SBP at \$16.53 billion, while net reserves held by commercial banks amounted to \$5.52 billion. During the week under review, SBP reserves increased by \$611 million. The central bank attributed the rise primarily to inflows from multilateral institutions received by the government.

**PIB yields drop on rate cut optimism:** (Economy: Neutral to Positive)  
The yields on fixed-rate Pakistan Investment Bonds moved lower on Thursday, as traders expect a shift in the central bank's monetary policy from a tightening bias to an easing. The cut-off yield on a two-year PIB decreased by 70 basis points (bps) to 11.45 per cent. The yield on the three-year paper also declined 60 bps to 11.49 per cent. The yield on the five-year bonds was down 56 bps to 11.63 per cent. The yield on the 10-year paper fell 47 bps to 12.14 per cent. The government raised Rs566 billion from the auction of the fixed-rate PIBs against the target of Rs350 billion. The latest PIBs' auction result comes after consumer price index inflation rose 11.1 per cent year-on-year (YoY) in June, a decrease from 11.7 per cent in May, and fell within the government's projected range of 11 per cent to 12 per cent.

## **Duty on commercial import of used vehicles slashed by 10pc:** (Economy: Positive)

The government has brought down the Regulatory Duty (RD) on commercial import of used vehicles from 40 percent to 30 percent from fiscal year 2026-27 in line with the envisaged targets under the National Tariff Policy (NTP). The government has envisaged five-year plan for NTP from 2025 to 2030 under which the weighted average tariff on the auto sector will be brought down from over 10.7 percent to below 6 percent by 2030. In the second year of implementation of NTP, the Federal Board of Revenue (FBR) issued Statutory Regulatory Order (SRO) to bring down the rate of RD to 30 percent.

## **Petroleum sales drop 20pc YoY in June:** (Economy: Neutral, OMCs: Negative)

Petroleum sales remained under pressure across Pakistan in June 2026, with total oil marketing companies (OMCs) sales falling 20 per cent year-on-year (YoY) to 1.26 million tonnes, reflecting weaker demand amid elevated fuel prices and increased cross-border smuggling. On a month-on-month (MoM) basis, however, petroleum sales recovered by 7.0 per cent, supported by lower domestic fuel prices following a decline in global oil prices and easing geopolitical tensions. Excluding furnace oil (FO), total OMC sales declined 15 per cent YoY, while rising 6.0 per cent compared with the previous month. The annual decline was primarily driven by lower consumption of motor spirit (MS) and high-speed diesel (HSD), with HSD recording a steeper contraction.

## **Tariff cut threatens two-wheeler localization:** (Economy: Neutral, ATHL: Negative)

The government's decision to reduce the completely built-up unit (CBU) tariff on two-wheelers while maintaining the same tariff for completely knocked-down (CKD) units and parts may prove to be counter-productive for the auto industry in the absence of a structured, time-bound roadmap, say industry stakeholders. According to the new tariff applicable from July 1, 2026, the effective tariff differential between CBU imports and CKD assembly has been halved, from 35 percentage points (CBU 50% vs CKD 15%) to just 15 percentage points (CBU 30% vs CKD 15%). A structurally anomalous situation has emerged, as the tariff on a fully imported CBU motorcycle (30%) is now lower than the tariff applicable to locally manufactured/localised parts (46%).

## **60-day relief granted for Iran-bound exports:** (Economy: Positive)

The Ministry of Commerce has granted a 60-day temporary relaxation for the export of specified goods to Iran, easing the mandatory requirement of submitting financial instruments under Clause 3 of the Export Policy 2022. According to sources, the decision, approved by Commerce Minister Jam Kamal, aims to address difficulties faced by exporters due to the absence of a direct banking channel with Iran. Sources stated that the relaxation will be limited to the export of specific items and will apply from July 2 to August 30, 2026.

## **Home remittances: SBP discontinues govt-backed TTCIS scheme:** (Economy: Neutral, Banks: Negative)

The State Bank of Pakistan (SBP) on Thursday discontinued the government-backed Telegraphic Transfer Charges Incentive Scheme (TTCIS) for home remittances with effect from July 1, 2026, while directing banks, microfinance banks and exchange companies to continue providing eligible home remittance services free of charge to both senders and beneficiaries. This incentive scheme for financial institutions was introduced in 2009 to encourage formal home remittance inflows through the banking channel. Initially available only to banks, the facility was extended to exchange companies last year. Under the scheme, banks, Exchange Companies and Microfinance Banks received a flat rebate of SAR 20 on each eligible home remittance transaction of USD 200. The federal government has now decided to withdraw the incentive scheme, reportedly because rebate payments had risen to billions of rupees in recent years.
