MORNING NEWS

Global markets turmoil intensifies on Iran war: (Economy: Negative)

Energy prices surged on Tuesday, sending stocks tumbling and the dollar rising as investors worried about inflation and the inability of central banks to help with interest rate cuts. World oil prices soared around nine percent and European natural gas prices rocketed for a second day running as the war disrupted Middle East exports. Brent North Sea crude, the international benchmark, topped \$85 a barrel for the first time since July 2024. The US and Israeli attacks on Iran and its retaliation across the region have upended regional energy flows, with the crucial Strait of Hormuz — through which about a fifth of global oil transits — effectively closed off.

Oil prices soar 8pc: (Economy: Negative)

Oil prices soared about 8 per cent to their highest since July 2024 on Tuesday, rising for a third session as the US-Israel war against Iran widened, disrupting oil and gas fuel shipments in the Middle East and heightening fears of a prolonged conflict. Brent futures rose \$6.07, or 7.8pc, to \$83.81 a barrel at 10:35 a.m. EST (1535 GMT). US West Texas Intermediate increased \$6, or 8.4pc, to \$77.23. That keeps both crude benchmarks in technically overbought territory for a second day and on track to close at their highest levels since July 2024 for Brent and January 2025 for WTI.

Exports contract 8.76pc in February: (Economy: Neutral to Negative)

Pakistan's merchandise exports slipped back into negative territory in February, reversing a brief recovery seen a month earlier and raising fresh concerns about the outlook for overseas shipments amid escalating tensions in the Middle East. The setback follows five consecutive months of contraction, with exports showing a modest rise in January, offering cautious optimism that a recovery might be taking shape. That momentum, however, proved short-lived as February data signalled renewed pressure on the external sector. With geopolitical risks mounting, exporters now face heightened volatility in the months ahead. In absolute terms, export proceeds fell 8.76pc to \$2.27 billion in February from \$2.49bn a year ago, the Pakistan Bureau of Statistics (PBS) said on Tuesday. On a month-on-month basis, export proceeds dipped by 25.63pc in February. Negative growth in exports has continued since August of the current fiscal year, except in July, when proceeds grew by 16.43pc year on year.

Talks with IMF in progress: Aurangzeb: (Economy: Neutral to Positive)

Finance Minister Muhammad Aurangzeb said on Tuesday that the International Monetary Fund's (IMF) delegation, which cut short its visit and left Islamabad on Monday, citing security concerns, was presently in Istanbul and that he was in contact with its members. He said that online negotiations with the IMF would continue for the next eight to 10 days. The ongoing talks between an International Monetary Fund (IMF) staff mission and authorities in Islamabad were converted to virtual mode on Monday due to the regional situation following the attack on Iran by the US and Israel. The IMF mission, led by Iva Petrova, immediately relocated to Istanbul following an advisory issued by the lending agency's headquarters, disrupting a series of sectoral meetings planned for the day. "The IMF team has moved to Istanbul after special instructions were issued to them due to the volatile security situation in the region," the Finance Ministry said.

Security bonds will be sold to raise Rs6.525trn: (Economy: Positive)

The federal government plans to raise Rs 6.525 trillion from the domestic resources through sale of security bonds in the next three months (March-May) of 2026 to fill the financing gap. According to auction calendars issued by the State Bank of Pakistan (SBP) on Tuesday, the federal government plans to borrow Rs 5 trillion through the sale of Government of Pakistan Market Treasury Bills (MTBs) during March to May of 2026, against maturities of Rs 4.259 trillion falling due in the same period. In addition, about Rs 1.525 trillion is to be raised through sale of Pakistan Investment Bonds (PIBs), including Rs 1.35 trillion via fixed-rate PIBs and Rs 175 billion through semi-annual floating-rate PIB auctions.

Crypto trade to go legitimate: (Economy: Positive)

The National Assembly on Tuesday passed the "Virtual Assets Bill, 2026" to legalize digital currency by setting up an authority to protect investors, support innovation, and promote transparency in the virtual assets market. The government bill was passed after suspending the scheduled business for Private Members' Day in the House. The Virtual Assets Bill, 2026, had already been approved by the Senate on February 27, 2026, and was subsequently referred to the National Assembly. It will now be sent to the President of Pakistan for assent. Once the President grants assent, the bill will become law. Federal Minister for Parliamentary Affairs Dr. Tariq Fazal Chaudhry presented the bill before the House for consideration and it was passed by a majority vote. Under this law, an authority would be established for the licensing, regulation, and supervision of virtual assets and virtual assets service providers.

Privatisation Commission board recommends Fauji Fertiliser's inclusion in consortium that won PIA auction: (Economy: Neutral) (FFC: Positive)

The Privatisation Commission board on Tuesday recommended the inclusion of the Fauji Fertiliser Company (FFC) in the Arif Habib-led consortium that won the auction for Pakistan International Airlines (PIA). Last December, the consortium had successfully bid Rs135 billion for a 75 per cent stake in the national flag carrier. The FFC was initially among the bidders but had withdrawn from the process ahead of the auction. It had later joined the winning consortium on December 25. It should be mentioned that the Privatisation Commission board's recommendation has now paved the way for the consortium to buy the remaining 25pc stake in PIA for the consortium to take full control of the flag carrier. According to a press release, in accordance with the terms of the share purchase and subscription agreement, the FFC was nominated by the consortium, with Arif Habib Corporation Limited serving as the lead member.

5.6m cotton bales produced: (Economy: Negative) (Textile: Negative)

Pakistan produced 5.607 million bales during 2025-26 season, a marginal 1.5 per cent increase over last year but a staggering 45pc short of the official target, marking one of the largest production gaps in recent history. According to data released by the Pakistan Cotton Ginners Association (PCGA), the country produced 5.607m bales against the 10.2m bales target set by the Federal Committee on Agriculture (FCA), which had allocated 5.553m bales for Punjab and 4.627m bales for Sindh and Balochistan combined. However, Punjab produced only 2.693m bales, 51.5pc below its target, while Sindh and Balochistan produced 2.915m bales, 37pc short of their target. In a notable development, despite having a 17pc lower production target than Punjab, Sindh and Balochistan outperformed Punjab by approximately 7.6pc in actual output.

Urea sales fall 41pc in two months: (Economy: Neutral to Positive) (Fert: Positive)

Urea sales plunged 28 per cent year-on-year and rose 15 per cent month-on-month to 250,000 tonnes in February. The MoM recovery reflects normalisation in buying activity after exceptionally weak offtake in January, which followed heavy advance purchases in December 2025 (1.36m tonnes), keeping overall demand relatively soft. Sales of urea during January-February stood at 468,000 tonnes, down by 41pc. Meanwhile, Fauji Fertiliser did not offer any discounts for the second consecutive month. Total DAP sales in February were 79,000 tonnes, as compared to 40,000 tonnes in February 2025. In 2M2026, total DAP sales were 118,000 tonnes, up by 17pc YoY. The closing inventory of DAP was around 273,000 tonnes in February.

Citi Pharma to list Citi Veterinary Pharma, targets Rs2bn IPO: (Economy: Neutral)

The Board of Directors of Citi Pharma Limited has approved the initiation of the Initial Public Offering of Citi Pharma's wholly owned subsidiary, Citi Veterinary Pharma Limited. The Company has been established as a dedicated entity focused towards the manufacturing of Veterinary focused API's and Pharmaceutical products for the consumption of the local market, the company's filing on PSX revealed today. This marks a significant milestone for Citi Pharma Limited for increasing its revenue sources through diversification in a pharma related field. It may also be informed that Citi Pharma plans to generate approx. Rs1.50bn in revenue through trading of veterinary products in FY26.
