**IMF objects to Rs1tr power subsidy: (Economy: Neutral)**

The International Monetary Fund (IMF) has objected to Pakistan's proposal to allocate nearly Rs1 trillion for power subsidies in the next fiscal year, including over Rs400 billion to cover electricity theft and inefficiencies. The continued bleeding of the power sector and mammoth budgetary allocations every year negates the government's claim that it has improved the sector's performance during the past two years. Government sources said the Power Division informed the IMF that it may need Rs990 billion in power subsidies for fiscal year 2026-27, starting in July. The amount is 11%, or Rs100 billion, higher than this year's allocation. The additional Rs100 billion is roughly equal to the amount the government collects from electricity consumers by forcing them to pay Rs7 to Rs12 per unit to cross-subsidise residential consumers using below 300 units per month. Sources said the IMF objected to the proposal and asked the government to reduce the allocation below the current fiscal year's Rs893 billion.

**New secy for PD appointed: Ogra says sufficient stocks of POL products exist: (Economy: Neutral)**

Amid speculation about potential fuel shortages in the market due to tensions in the Middle East, the Federal Government on Thursday appointed a Grade 22 officer from the Pakistan Administrative Service as the new Secretary of the Petroleum Division. The appointment takes effect immediately. Hamed Yaqoob Sheikh, presently posted, as the Secretary of the National Health Services Regulations and Coordination Division, is transferred and posted as Secretary Petroleum Division. In another move, the Oil and Gas Regulatory Authority (Ogra) has assured the public that the country currently holds sufficient stocks of petroleum products to meet national demand and there is no need for panic buying or hoarding.

**Central govt debt up over Rs1.4trn in 7 months: (Economy: Negative)**

Pakistan's central government debt increased over Rs1.4 trillion during the first seven months of the current fiscal year (FY26), largely driven by a rise in long-term domestic borrowing. According to data released by the State Bank of Pakistan (SBP) on Thursday, the country's total debt stocks, including both domestic and external debt liabilities, reached Rs79.322 trillion by the end of January 2026. This reflects an increase of Rs1.434 trillion, or 1.84 percent, compared with Rs77.888 trillion recorded in June 2025. The sharp rise in central government debt was mainly driven by increased domestic borrowing to finance the fiscal deficit. Although revenue collection has improved during the current fiscal year, it remains insufficient to fully meet government expenditures.

**CDWP clears seven development projects: (Economy: Neutral)**

The Central Development Working Party (CDWP) approved seven development projects for Rs 15.174 billion and recommended four major projects with a cumulative cost of Rs 108.16 billion to the Executive Committee of the National Economic Council (Ecneec) for further consideration and final approval. Three projects related to the Power Sector were presented during the meeting. The first project, "Electricity Distribution Efficiency Improvement Project Hesco funded by the World Bank", worth Rs 19.017 billion, was recommended to the Ecneec for further consideration. The project is proposed to be financed through World Bank funding of Rs 17.636 billion and Hesco's own resources of Rs 1.381 billion. The second project, "Electricity Distribution Efficiency Improvement Project (Pesco)", worth Rs 30.256 billion, was also recommended to the Ecneec. The project will be financed through World Bank funding of Rs 29.321 billion and Pesco's own resources of Rs 934.73 million.

**Forex reserves up by USD26m:** (Economy: Neutral to Positive)

Pakistan's total liquid foreign exchange reserves recorded a slight increase of USD 26 million during the last week. According to the State Bank of Pakistan (SBP), the country's total reserves stood at USD 21.434 billion end of last week ending February 27, 2026, compared with USD 21.408 billion recorded in the previous week ending February 20. During the week under review, the foreign exchange reserves held by the state bank increased by USD 87 million, reaching USD 16.3 billion, up from USD 16.213 billion a week earlier. In contrast, the net foreign reserves held by commercial banks declined by USD 61 million to USD 5.134 billion.

**Auto sector seeks 18% sales tax:** (Economy: Neutral)

Pakistan's auto industry expects the 25% sales tax slab on certain vehicles to be rationalised to 18% in the upcoming auto policy, a move that industry stakeholders believe could revive demand and restore balance in the market. The expectation emerged during an analyst briefing by Indus Motor Company (INDU) on its half-yearly financial results for FY26, where management indicated that the existing tax structure may be revised in the next policy cycle. According to the company, rationalising the sales tax rate could improve affordability and stimulate demand in a market that has experienced sharp volatility over the past two years due to high inflation, currency depreciation and elevated interest rates. Industry representatives argue that the current 25% sales tax, applied to higher engine capacity vehicles and cars above a certain price threshold, has created distortions in the market and discouraged consumers.

**Wilmar Group takes management control of Unity Foods:** (Economy: Neutral, UNITY: Positive)

Wilmar Group has entered a Shareholders' Agreement dated December 21, 2025, effectively taking immediate management control of Unity Foods Limited (PSX: UNITY). The company added that certain issues arising from the agreement are currently before the courts, limiting its ability to provide further comment. Earlier this month, Unity Foods clarified the transfer of management control to Wilmar International, emphasizing transparency and good governance while placing relevant factual information on record in light of recent public disclosures concerning its shareholders. Pursuant to a Shareholders' Agreement dated December 21, 2025, between Mr Farrukh Amin and Wilmar International Ltd., and resolutions passed at a duly convened meeting on December 23, 2025, management control of Unity Foods was assumed by Wilmar International with immediate effect. Under this framework, a Wilmar International-approved Chief Executive Officer and Chief Financial Officer were appointed to lead the company, according to an official statement released by the company.
