Local Indices				SBP governor speaks of policy mix: (Economy: Positive) Governor State Bank of Pakistan (SBP) Jameel Ahmad has said that unlike in the previous episodes of boom-bust cycles, the current policy mix remains conducive to a lasting increase in economic activity rather than a short-sighted, fragile, and populist ‘sugar rush’. Governor SBP also assured that SBP is fully committed to undertake structural reforms and lay the foundation for sustainable and inclusive economic growth. Both SBP and the government remain steadfast in their approach to transitioning from recently hard-earned economic stability to a medium-term economic transformation. This resolve is reflected in our prudent and cautious monetary policy stance, and fundamentals aligned exchange rate, and ongoing fiscal consolidation and improving debt dynamics. https://www.brecorder.com/news/40371566/

World Indices				Govt retires Rs500bn in SBP debt four years ahead of schedule: (Economy: Positive) The government has repaid a debt of Rs500 billion to the central bank ahead of its scheduled maturity in 2029, resulting in an early retirement of Rs1.5 trillion in public debt, a senior finance official said. Pakistan’s debt-to-GDP ratio decreased from 75 percent in FY23 to 69 percent in FY25 due to early debt repayments. The successful buyback of Rs1 trillion in market debt, completed by December 2024, marked the first such operation in Pakistan’s history. Alongside this, the early repayment of the SBP Rs500 billion debt has collectively led to the early retirement of Rs1.5 trillion in public debt during FY25, said Khurram Schehzad, an advisor to the finance minister. The early retirement of central bank debt, executed by the Debt Management Office (DMO), marks a breakthrough in Pakistan’s debt management strategy. Early debt retirement while converting shorter-tenure with longer-tenure debt significantly reduces concentration risk, lowers future liabilities, and strengthens the country’s macroeconomic foundations by curbing reliance on borrowings. https://e.thenews.com.pk/detail/?id=416054

Under the directive, any cash transaction exceeding PKR 200,000 will not be treated as an allowable business expense. Consequently: 50% of such expenditure will be recognized for tax purposes. The disallowed portion will attract an additional tax burden, effectively raising the cost by 20.5%.For completely disallowed transactions, the effective impact could surge to 79.5%. Businesses are urged to ensure all supplier and client payments are processed through proper banking channels to avoid heavy penalties and additional scrutiny by FBR.

FBR introduces Pakistan's first AI-powered customs clearance system: (Economy: Positive)

The FBR has unveiled Pakistan's "first-ever" artificial intelligence (AI)-based Customs Clearance and Risk Management System (RMS). The new system, launched on the directive of Prime Minister, aimed at enhancing transparency, reducing human intervention, and facilitating trade, is expected to enhance the efficiency of import-export operations. The briefing was told that under this system the cost and nature of goods, during import and export operations, will now be assessed using AI and bots. It was learnt that the risk management system will continue to improve automatically through machine learning, alongside the movement of goods. The meeting was informed that during initial testing, the new system demonstrated over 92% improved performance.

SBP, ADB kick off \$500m loans program to fuel women-led businesses: (Economy: Positive)

The Central Bank, in partnership with the Asian Development Bank (ADB), has rolled out a \$500 million program aimed at expanding credit access for women entrepreneurs, as the country looks to narrow its gender financing gap and drive inclusive growth. The State Bank of Pakistan (SBP) formally launched the Women Entrepreneur Finance Code (We Finance Code) at a ceremony in Karachi. It targets disbursing loans to 100,000 women-led businesses and will also engage financial institutions, academia, and the private sector to broaden outreach.
