WB projects GDP growth at 3pc: (Economy: Positive)
Pakis-tan's GDP growth is projected to remain at 3 percent in fiscal year 2025–26 before rising to 3.4 percent in fiscal year 2026–27, driven by a recovery in agricultural production and reconstruction efforts following a series of floods in 2025, the World Bank said. However, Pakistan current account deficit is expected to widen in fiscal year 2026-27, with a rise in import demand, alongside the strengthening growth, and post-flood normalization of remittance inflows, the Bank stated in its latest report on Global Economic Prospects.

Govt allows re-export of transit cargo: (Economy: Neutral to Positive)
The government has allowed the re-export of transit cargo stuck at Pakistani ports to save Afghan importers from rising demurrage charges. At a time when there is no indication that the border with Afghanistan will reopen soon, importers engaged in Afghan Transit Trade (ATT) have requested that the Ministry of Commerce grant a one-time waiver for the re-export of over 6,500 containers stuck at Karachi ports, as they are incurring rising demurrage charges. The need for re-export arose after the border crossing between Pakistan and Afghanistan was closed on Oct 11, 2025 leading to a near-complete halt of bilateral trade and movement of transit cargo.
