MORNING NEWS

Trump extends ceasefire on Pakistan’s request: (Economy: Positive)

President Donald Trump on Tuesday said he was extending a ceasefire with Iran to give more time for negotiations, but would maintain a US naval blockade of the country’s ports. Trump posted on social media that he would “extend the Ceasefire” until Iran came up with a proposal to end the conflict. However, he “directed our Military to continue the Blockade.” Trump’s ceasefire extension came hours before it was believed to be set to expire. It also came as the White House said Vice President JD Vance would not be going to Pakistan for what had been expected to be a second round of peace talks. The US president cast the breakdown in more talks as resulting from Iranian infighting, adding that Pakistan’s leaders had asked him to extend the truce.

Azerbaijan says it is ready to supply LNG to Pakistan: (Economy: Positive)

Azerbaijan’s state energy company SOCAR is ready to supply liquefied natural gas (LNG) to Pakistan as soon as it receives a request from Islamabad, the company told Reuters on Tuesday, as Islamabad seeks spot cargoes to ease a growing energy shortfall. SOCAR said a framework agreement signed in 2025 between SOCAR Trading and Pakistan LNG Limited (PLL) allows the Pakistani buyer to purchase LNG cargoes directly under an accelerated procedure. “SOCAR is ready to provide LNG to Pakistan as soon as PLL submits a corresponding request,” the company said in response to Reuters questions. SOCAR did not say whether such a request had already been made, when a first delivery could take place, or whose LNG would be supplied under the agreement.

Pakistan receives \$1bn from Saudi Arabia as second tranche of \$3bn deposit: (Economy: Positive)

The State Bank of Pakistan (SBP) confirmed on Tuesday that Pakistan has received \$1 billion from the Kingdom of Saudi Arabia. “State Bank of Pakistan has received funds of US\$1 billion from Ministry of Finance, Kingdom of Saudi Arabia in the value date of 20April2026.” The central bank said this is the second tranche of the \$3bn deposit recently agreed by Saudi Arabia. The first tranche of \$2bn was transferred last week. The development came following Prime Minister Shehbaz Sharif’s visit to Saudi Arabia to push diplomatic efforts to promote peace in the Middle East. On Friday, the kingdom pledged an additional \$3bn in deposits for Pakistan and extended its existing \$5bn facility for a further three years. Pakistan will reportedly return a \$3.5bn loan to the UAE this month, putting pressure on its reserves and risking breaches of its International Monetary Fund (IMF) programme targets.

Pakistan-China trade: PCDMA, CCPIT seal MoU: (Economy: Positive)

Pakistan Chemicals & Dyes Merchants Association (PCDMA) and China Council for the Promotion of International Trade (CCPIT) signed on Tuesday a Memorandum of Understanding (MoU). As per a statement, a prominent delegation of the PCDMA, led by Chairman Salim Valimuhammad, engaged in high-level talks with leading Chinese industrial figures during the InterDye 2026 exhibition in Shanghai, “aimed at strengthening bilateral trade and industrial cooperation”. Both sides emphasized the importance of promoting InterDye as a key global platform for the dyes and chemicals industry, urging greater participation from stakeholders to unlock new opportunities for trade, innovation and networking, added the press release. Meanwhile, the delegation also attended the Conference on “Trade Chemical Technology Innovation and International Trade Cooperation”.

First Rs3bn 'AAA' rated Green Sukuk launched for telecom sector: (Economy: Positive)

InfraZamin Pakistan Limited, in partnership with Infraelectric, a Brillanz Group company, DIB Pakistan Limited, Bank Alfalah Limited, and Meezan Bank Limited, announced the signing of Pakistan's first-ever PKR 3 billion, 'AAA' Rated, Green Sukuk for the telecom sector, marking a major milestone in sustainable infrastructure financing and climate-aligned capital markets development. Under the transaction, InfraZamin Pakistan is providing a 100 percent principal guarantee for the PKR 3 billion Green Sukuk issued by Infraelectric Private Limited with DIB Pakistan Limited, as the Lead Arranger of the Green Sukuk transaction demonstrating how ethical capital markets can lead the transition toward scalable, climate-aligned infrastructure financing. The proceeds will finance one of Pakistan's largest commercial deployments of lithium-ion Battery Energy Storage Systems (BESS) and solarization solutions for telecom tower infrastructure across the country. The transaction witnessed oversubscription by investors and initial disbursement is planned after completion of all formalities.

Govt invites bids from financiers as it eyes more borrowing: (Economy: Neutral to Positive)

A day after raising \$750 million through a Eurobond at an interest rate of 6.975 per cent for three years, the government on Tuesday invited bids from international consortiums to act as underwriters, lead managers and book runners for future transactions in global capital markets over the next three years. The bidders would be selected on the basis of the lowest yield, lowest coupon and lowest overall cost, an official said, adding that this would enable the government to raise funds from the global capital markets as and when required and depending on the external financing needs. These programmes would facilitate a range of international issuances, including Eurobonds such as ESG bonds, green bonds, gender bonds, sustainable bonds and sustainability-linked bonds, as well as international Sukuk and local currency-denominated bonds settled in US dollars.

PBC warns of deep-rooted challenges: (Economy: Negative)

The Pakistan Business Council (PBC) has warned that the country is grappling with deep-rooted structural economic challenges that continue to suppress growth, weaken competitiveness, and discourage investment, as compliant businesses face excessive scrutiny, unnecessary notices, and prolonged delays in tax refunds. "Fiscal policy has largely focused on short-term stabilisation rather than long-term structural transformation. A large segment of economic activity remains outside the formal tax net, while undocumented competitors operate at a structural cost advantage over formal firms," the PBC said. "The documented, compliant sector carries an effective tax burden of 55–60 per cent—among the highest in the region—while much of the undocumented economy remains outside the tax system." The Council observed that Pakistan's tax system relies heavily on high rates applied to a limited base, resulting in low compliance and widespread tax evasion. It stressed the need for a strategic shift towards broadening the tax base through improved enforcement and documentation, rather than further increasing tax rates.

Trade with Middle East hit by tensions: (Economy: Neutral)

Pakistan's imports from the Middle East fell sharply by 18 per cent in March, while exports posted a modest increase of 1pc, reflecting the strain of the ongoing conflict on the country's trade ties with the region. The decline in imports was broad-based, led by a contraction from the United Arab Emirates (UAE), followed by Qatar, Kuwait, Bahrain and Jordan. In contrast, imports from Saudi Arabia posted a marginal increase during the month. A similar pattern was observed on the export side. Pakistan's shipments to Qatar, Kuwait, Bahrain and Jordan declined in March, while exports to the UAE and Saudi Arabia registered an uptick, keeping the overall increase at 1pc, according to data compiled by the State Bank of Pakistan.

OCAC calls for tax relief as liquidity strain hits oil sector: (Economy: Neutral to Negative)

The Oil Companies Advisory Council (OCAC) has urged the government to introduce wide-ranging fiscal and regulatory reforms for the petroleum sector in the FY2026-27 federal budget, warning that mounting taxes and liquidity constraints are undermining the industry's financial viability. The OCAC noted that petroleum prices and margins are fully regulated by the government, leaving oil marketing companies (OMCs) unable to pass on additional tax costs to consumers. "These measures directly erode profitability, restrict infrastructure investment, and weaken the sector's financial health," it said. The council said the Finance Act 2024, which exempted major petroleum products from sales tax, has led to the accumulation of non-adjustable input taxes estimated at more than Rs33 billion for tax year 2025, with further increases expected in FY26. Among its key proposals, the council called for restoring the taxable status of petroleum products, settling accumulated input tax refunds with compensation for delays, and reducing the minimum tax on turnover from 0.5 per cent to 0.25 per cent, with a gradual phase-out.

IPO at PSX: Wahdat Poultry's stock price surges 50% to Rs18 per share: (Economy: Neutral)

Wahdat Poultry Farm Limited's share price surged by the maximum allowed increase of 50%, hitting upper limit of Rs18 per share on the first of two-day Dutch bidding (book building) process at the Pakistan Stock Exchange (PSX) on Tuesday, according to lead manager of the issue of the shares Topline Securities. The bidding had opened at the minimum (floor) offered price of Rs12 per share. The book building process would culminate on Wednesday (April 22). At the determined strike price of Rs18 per share, the poultry firm would raise a total of Rs955.84 million through selling 53.10 million shares against a minimum target of Rs637.23 million – if the allocated shares were sold at the floor price of Rs12 per share.

Matco Foods approves fresh investment in Falak Foods: (Economy: Neutral)

Matco Foods Limited (MFL) said on Tuesday that its board had approved MFL to invest additional funds into its wholly owned subsidiary, Falak Foods Limited (FFL), by subscribing to new shares issued through a rights issue at par value. The rice exporter shared in a notice to the Pakistan Stock Exchange (PSX) today. "The board has further authorised the company to sell its immovable property measuring 3.47 acres (27.76) kanals situated in Tehsil Kamoki, District Gujranwala, together with the building, plant, machinery and equipment erected or installed thereon, to FFL against cash consideration," the notice read. The notice further said that FFL shall pay the consideration for the transfer of the business unit after raising funds through a rights issue.

PTC returns to profit in Q1FY26: (Economy: Neutral)

Pakistan Telecommunication Company Limited (PSX: PTC) staged a massive financial turnaround for the first quarter (three months) ended March 31, 2026, posting a consolidated net profit of Rs3.07bn. This marks a dramatic recovery from the net loss of Rs3.97bn recorded in the corresponding period last year. Reflecting this return to profitability, the company's earnings per share (EPS) swung to a positive Rs0.60, compared to a loss per share of Rs0.78 in Q1 2025. The primary catalyst for this turnaround was robust top-line growth coupled with a significant drop in credit loss allowances. PTC's revenue surged by an impressive 58% year-on-year, reaching Rs97.85bn compared to Rs61.85bn.
