PM plans cut in direct taxes to aid business community: (Economy: Neutral to Positive)

Prime Minister Shehbaz Sharif said on Wednesday that his government planned to reduce direct taxes in the upcoming federal budget to support the business community and spur economic growth. "I feel that in this upcoming budget, God willing, in the next few months, we will need to reduce direct taxes across the board so that business investors get some relief and they know that their capital is not being eaten up by taxes," the premier said while addressing the Pakistan Governance Forum 2026, a high-level policy dialogue convened to assess and advance governance and reform initiatives.

Pakistan 'well-positioned' for IMF review to unlock \$1.2b fund: FinMin: (Economy: Neutral to Positive)

Pakistan is well-positioned for the International Monetary Fund (IMF) review of a \$1.2 billion tranche, Finance Minister Muhammad Aurangzeb said on Wednesday, as the IMF mission begun discussions in Karachi. The staff mission will conduct the third review under the IMF's Extended Fund Facility (EFF) and the second review under the Resilience and Sustainability Facility (RSF), according to official statements from the IMF and Ministry of Finance. The IMF mission, led by Iva Petrova, arrived in Pakistan today and will remain until March 11 to complete the two reviews.

Oil prices slip into negative territory: (Economy: Neutral to Positive)

Oil prices slipped into negative territory on Wednesday as a much larger-than-expected US crude stock build outweighed the threat to oil supply from potential military conflict between the US and Iran. Brent futures were down 12 cents at \$70.65 a barrel at 1607 GMT, while WTI futures were down 26 cents at \$65.37. US crude inventories rose by 16 million barrels last week as refinery utilisation fell and imports increased, the Energy Information Administration said on Wednesday. That compared with analysts' expectations in a Reuters poll for a 1.5-million-barrel rise.

Exports to US rise 3.47pc: (Economy: Positive)

Pakistan's merchandise exports to North America grew 3.07 per cent to \$3.916 billion in the first seven months of 2025-26 compared to \$3.799bn in the corresponding period last year. The export rebound was largely fuelled by a slight increase in shipments to the United States, signalling a strengthening trade relationship between Islamabad and Washington. Nearly 94pc of Pakistan's exports to North America were destined for the US market, with the remainder primarily directed toward Canada.

Discos bleed Rs397bn in FY25: Nepra: (Economy: Negative)

Pakistan's power distribution companies bled a combined Rs397 billion in FY2024-25 due to unchecked transmission and distribution (T&D) losses and weak bill recoveries, intensifying circular debt and exposing deep governance failures, according to the latest Performance Evaluation Report issued by the National Electric Power Regulatory Authority (Nepra). The report shows Rs265 billion was lost to excessive T&D losses alone after every Disco failed to meet regulatory benchmarks, while poor recoveries added another Rs132 billion hit to the national exchequer.

CAT upholds Rs40m fine in pharma case: (Economy: Neutral to Positive) (UDPL, IBLHL: Negative)

The Competition Appellate Tribunal (CAT) has upheld a cumulative penalty of Rs40 million imposed by the Competition Commission of Pakistan (CCP) on United Distributors Pakistan Limited (UDPL) and International Brands (Private) Limited (IBL) for entering into an anti-competitive non-compete agreement in violation of Section 4 of the Competition Act, 2010. The CCP initiated proceedings after UDPL disclosed to the Pakistan Stock Exchange that it had entered into a non-compete agreement with IBL. Under the agreement, UDPL committed not to distribute human pharmaceutical products in Pakistan for a period of three years in return for a payment of Rs1.131 billion from IBL.
